HYDROPOWER PRE-DETERMINED AREAS

AREA NO. 4 - HILABANGAN (LOWER CASCADE)

BACKGROUND

- The Hydropower Service Contract (HSC) which previously covered the development of the project was awarded on 23 October 2009 and was eventually terminated on 14 September 2017.
- The HSC was terminated due to the RE Developer's failure to provide sufficient and acceptable justification on the show-cause letter issued by the DOE (brought about by its failure to comply with its work and financial commitments).
- The Feasibility Study and Outline Engineering Design were undertaken by Vergel³ Consult on June 2010.
